## VIEWS

Designed as complete flow-through residences, L' Atelier offers captivating vistas in every direction.

To the east, the gorgeous turquoise blues of the Atlantic blend seamlessly with the horizon. To the west, the emerald greens of the La Gorce Golf Course contrast with the skyline of downtown Miami. To the south, the historical Art Deco District and the towers of South Pointe shine. To the north, Allison Island, the architecture along Collins Avenue and the high-rises of Bal Harbour put the finishing touches on a location that is truly spectacular.

## NEIGHBORHOOD

Begin each day with sunrises over the ocean. Savor a warm cup of coffee on your expansive balcony as nothing stands between you and your view. Then, venture downstairs for a walk along a quiet stretch of beachfront, free from the hustle and bustle of tourists and traffic.

Just outside the historic front facade, the many treats of Collins Avenue beckon. Sidewalk cafes offer a perfect spot for lunch while exploring fashion boutiques and other shops. Walk across the street to Indian Creek to board your yacht or charter one for the afternoon. Take in a round of golf or a tennis match at nearby country clubs. Make a quick jaunt to Lincoln Road or Bal Harbour Shops for designer creations. Cap off the evening at one of the fine dining destinations in the area or attend a concert at the nearby New World Symphony.
