

VILLA MIA

A RESIDENTIAL EXPERIENCE BY
MAJOR FOOD GROUP

BAYFRONT RESIDENCES • EDGEWATER MIAMI

THE VISION

FIRST CLASS DAYS, EPICUREAN EVENINGS & DIONYSIAN NIGHTS

LIFESTYLE AND LUXURY BY MAJOR FOOD GROUP

A night out with Major Food Group (MFG) is like no other. Menus are classic yet rarified, the ambiance glows and crackles, and the staff always knows what you want next.

Now imagine the MFG ethos touching every part of your day: Wake up looking over the Venetian Islands, or arrive home to Villa Miami by helicopter; spend the day unwinding in the building’s Mediterranean spa or skimming across the bay by boat, or both; stop by a wine tasting in the members’ lounge, and revel late into the night at the city’s best new restaurant, which just happens to be downstairs. A night out with MFG is like no other, and a life designed by MFG is like nothing else—even in Miami.

DESIGNING A LIFESTYLE

THE MAJOR FOOD GROUP ETHOS

Waterfront living imagined, designed, programmed, and fully serviced by the team that has gained acclaim worldwide since opening their first of 40+ restaurants in New York City in 2009.

The MFG philosophy of boundless opulence goes beyond food and beverage experiences; it extends to waterfront access, beautifully appointed gyms and spas, no-detail-overlooked chef's kitchens at home, and a building full of Miami's most discerning patrons.

LIMITLESS POSSIBILITIES, BOUNDLESS OPULENCE

This is an entirely new proposal for how to live in Miami. These aren't just views of the water. This is an open window with a breeze coming off the bay; dinner on the veranda with the sunset refracted in the water; a buzzing city waiting beyond.

This is a place telegraphing the old tradition of villa living in Lake Como and Provence—steeped in romance and warmth; meant to be lived in. A place encompassing the best of the water and life beyond.

ELEVATED IN EVERY SENSE: HOMES IN THE SKY, NESTLED BETWEEN LAND, AIR & SEA

A gemstone on the water's edge, Villa Miami proposes something opulent but intimate — and entirely new for Miami's skyline. ODP Architects designed something distinct from the soaring condos that already populate the cityscape: A structure that's instantly a landmark.

Waterfront homes in the sky, finished in bronze — anchored on top by a helicopter pad and below by a dock. Rising up from the water's edge and at home in the sky, this isn't just the city's most iconic building, it's an invitation to indulge in the best of Miami.

**VISIONARY**
ONE THOUSAND GROUP

Kevin Venger, Louis Birdman and Michael Konig, a partnership of real estate developers with deep roots in Miami, collaborate on world-class buildings in prime locations. The group's vision is to bring innovative, one-of-a-kind luxury real estate developments to life. With a relentless pursuit of design excellence and a refusal to settle for anything less than exceptional, One Thousand Group pushes boundaries.

Most recently its members oversaw the development of One Thousand Museum, the first and final residential skyscraper designed by the late Architect Dame Zaha Hadid, and inarguably ushered in a new definition for ultra-luxury living in Miami.

**YOU CAN GET

THE NEW HEART OF MIAMI

The 1980s saw the rise of Miami Beach, filled with characters from the fashion and entertainment worlds. The aughts witnessed the birth of Miami's Art Basel as a mecca for art.

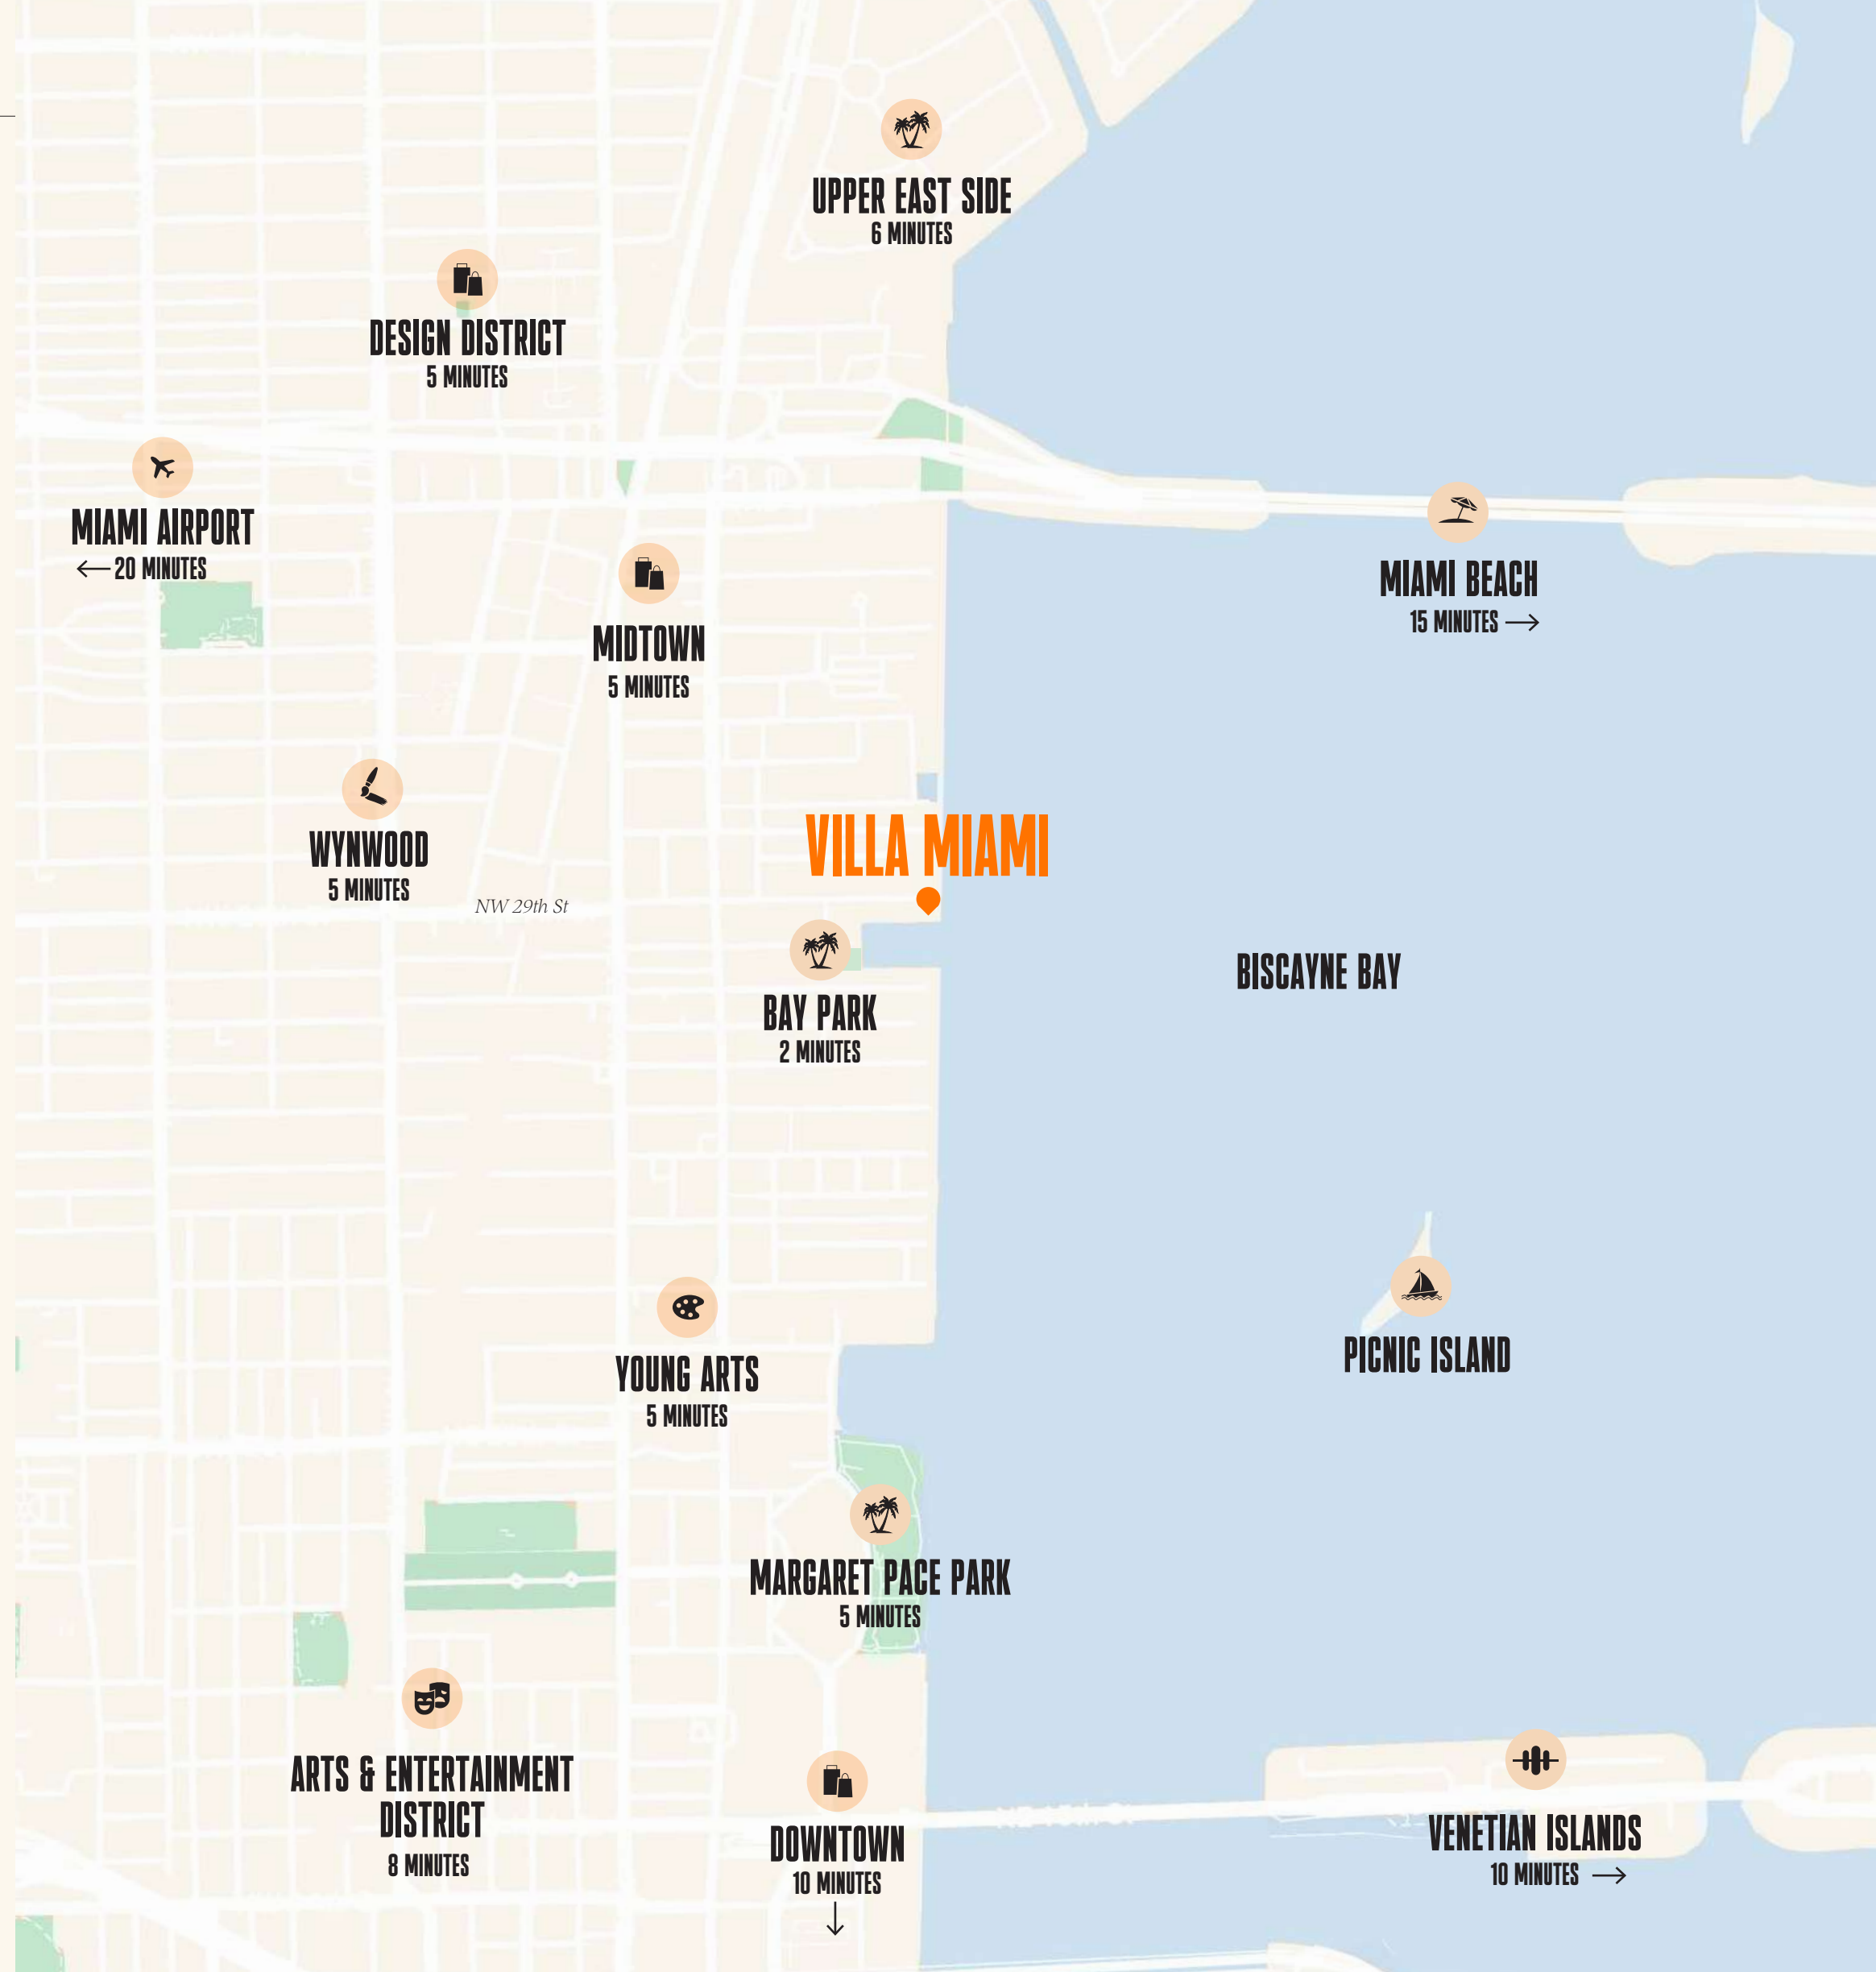

Now, the next cultural renaissance in Miami is happening in Edgewater, where a new interpretation of waterfront living is emerging, built for a certain kind of global citizen who just happens to call Miami home.

EDGEWATER

MIAMI'S MOST CONNECTED NEIGHBORHOOD

Edgewater is connected to the best of Miami, situated just five blocks from the Design District and across the Venetian Causeway from Miami Beach.

Easily accessible to all the best of Miami, Edgewater represents the future of the city and the increasingly global populace of people who call it home. The arrival of Villa Miami means the next chapter of Edgewater has begun.

MFG's Contessa in the Design District matches superb food with dreamy, rich interiors and exemplary service.

AMENITIES, SERVICES & DINING

A SPRAWLING SUITE OF AMENITIES, SERVICES, AND SPACES

EACH MORE ENTICING THAN THE LAST

Villa Miami's amenities go beyond a concierge and a gym. Major Food Group designed the building's services to operate as an ecosystem of conveniences, where needs are anticipated, coffee orders are known by heart, and a pool, thermal spa, and sauna are always just downstairs.

Like a small town unto itself, the building comes with an array of spaces for every kind of gathering and convenience, while landscape architect Enzo Enea designed the grounds according to the spirit of the place—the sun, the wind, the soil, and the water nearby.

OWNERS BENEFITS

THE MFG PERKS: YOUR FAVORITE TABLE AT CARBONE, OR RIGATONI ALLA VODKA IN YOUR HOME

A FULLY EQUIPPED KITCHEN

Come home to a pantry stocked with Major Food Group provisions, sauces, and spices. Hire a private chef to come cook something off the Carbone menu, or teach you how. Consult with a private sommelier to curate a selection for your personal wine cellar—then invite friends over to try everything.

MFG CURATION DAY TO DAY

Sadelle's coffee and bagels are laid out for residents every morning, and an aperitivo with wine pairings awaits guests once the work day wraps. MFG designed a brand new menu of juices and wraps for the spa and pool, and a lineup of martinis and appetizers for the game room and lounges.

A BUSTLING CALENDAR

When you're not on the water, in the gym, or at the spa, you'll be going from one culinary happening to the next. Sample imported olive oils, taste Italian wines (all of which can be sent up to your residence), and be the first to try new cocktails and dishes at the restaurant downstairs.

INSIDER STATUS

Villa Miami residents are VIPs at all Major Food Group restaurants. Reserve your preferred table (with your favorite server) and book special events for special occasions. Receive early access and invitations to MFG events and new restaurant openings.

THE RESIDENCES

OLD-WORLD ELEGANCE WITH EVERY MODERN CONVENIENCE

AIRY, ITALIANATE LIVING IN THE HEART OF MIAMI

New York design studio Charles & Co developed Villa Miami's interiors by marrying a sophisticated European sensibility with a focus on, warmth, romance, and the waterfront.

Each full floor estate-style residence overlooks the water, while sitting high in the sky. Noble materials are used throughout, with travertine marble, wood flooring, and soft lighting setting the tone.

A LIFE DESIGNED AROUND THE HORIZON

Homes with a private, 360° view of Biscayne Bay and the rest of Miami. Sunlight at every hour. Wake to the morning light rising over the Atlantic, and take aperitivo on the back veranda while the sun sets.
